## Learning Outcomes

## Learning Outcomes

In addition to carrying out our Mission & Vision, through our Core Practices, the Department of Student Diversity & Multicultural Affairs' co-curricular programs and initiatives intend to compliment the academic rigor provided by Loyola University Chicago. Students engaged in DSDMA programs and initiatives will develop a skill-set aimed at fostering social justice awareness, cultural competency, and ally development.

The following are learning outcomes SDMA programs and initiatives intend to emphasize:

1. Students will be able to express ideas, identify behaviors, and actualize practices that promote social justice and equity.

**2.** Students will be able to articulate ideas and exhibit behaviors that cultivate teamwork, critical thought, and communication skills needed to function in a diverse workforce and global community.

**3.** Students will be able to demonstrate techniques and utilize tools to interrupt micro-aggressions and bias behaviors that adversely impact under-represented communities.
