

HubICL Assessment Tools List

Usage Notes:

- Instruments which are suitable for use with learners under the age of 18, or which offer a version specifically for younger learners, are designated in **bold typeface** with a (1) following the name in the left-hand column. Instruments available in languages other than English are indicated with a (2) following the name.
- To find a specific tool from the list below either go to the **Digital Toolbox** (look in the dropdown menu under the word Discover, at the top) and search by name or enter the appropriate tool number into this URL instead of the # symbols: <https://hubicl.org/toolbox/tools/###>
- Items designated as “behind a scholarly paywall” are typically available for free to scholars or students, assuming their educational institution subscribes to the journal in question. Check with your local scholarly library for more information.
- For links to specialized collections of materials on this list (such as equity-centered assessment tools), see the final page of this document.

Name of HubICL assessment tool	Tool number	Assessment type	Cost/Access
