

July 9: Draw a Tree

- Please take 2 minutes to draw a tree.
- Please us an 8"x11" sheet of card stock and the markers for this project.
- The drawing can be realistic or abstract.
- *You must finish in 2 minutes.*

Take a moment to admire the trees of others at the table.

- Do all the trees have branches?
- Do all the trees have leaves?
- What else do all the trees have in common?
- Do any of the trees have details that are not included in others?

- 1. We tend to ignore things that are not clearly visible.**
- 2. Very often the things we choose to ignore play an important role in our success.**
