Instructions

One-hundred & twenty ready-to-print question-pair cards follow this page - on sixteen pages - sufficient for up to 120 people (or 60 pairs) to play this game.

Ensure you select and arrange your cards so that you have a complete set of paired questions for your group, ie one pair (of cards) for every two people.

The pages have been formatted so that you can easily print the statements onto paper or card. Once printed, cut each page into individual cards.

Have FUNN.
