

### **Introduction:**

As per Jennifer Stanchfield (2019):

“Brain research shows that people of all ages like to hide, play, guess, and predict...when presented with the challenge, [you] will study up on each other’s names and remind each other about correct pronunciations.”

### **Participant Instructions:**

1. First you will engage in a naming game activity as per the facilitator’s instructions.
2. Debriefing questions:
  - Was it difficult to remember others’ names?
  - What pronunciation cues did you use?
  - What was it like to tell someone how to pronounce your name?
  - What was it like to learn how to pronounce others’ names?
